If the police are constantly terrorizing a child and threatening that he is going to take that child to jail. How can that child believe that the police are his friend? I think it is good to teach a child to obey the law, but I think some people can take things too far.

There are two kinds of people in this world: winners and whiners.

I want to thank the mayor and city council for putting a 50 percent increase tax on the water. It sure makes it hard for people on fixed incomes.

Beginning next week, the **Citizen Voice & Times** will change the format of the **Sound Off** Column.

We wish to continue to provide a forum by which readers can voice their views about issues which they feel affect them. We also wish to enable our readers to ask questions about those issues, and receive answers.

However, we feel that under the current format these goals are not being accomplished.

Next Thursday will begin our **Sound Off Question of the Week**. At the beginning of the column, we will pose a question to which we will accept calls in response for publication the following week.

Those responses will be edited and published, with discretion given to improper language and the use of names or identification of private individuals.

If a caller does not wish to answer the Question of the Week, he or she may ask another question. If their question is one we can answer, we will make every effort to do so the following week.

Comments offered which are not in answer to the Question of the Week will not be published. However, comments on other issues are encouraged if they may be considered newsworthy. If such is the case, we will investigate. Please provide as much information as possible so that we will know where to begin our research. If research leads us to a story which we deem newsworthy, such a story will be published.

Sound Off comments are not necessarily the views of this newspaper. These comments are published in an effort to allow all views to be aired, whether we agree or not.

I enjoy the country preacher's column, him and his wife. They really love people and really want to see people saved. I think it is wonderful that they go to the jail and try to help the prisoners. Who else in Estill County tries to help the prisoners?

I would like to express my appreciation to two doctors, Dr. Patterson and Dr. Terry, for having the human knowledge to not want to force people to hook on to the sewer line in South Irvine, West Irvine and Wisemantown communities. By the time they pay the already increased utilities, insurance, medicine, food,

housing and clothing. Let's ask Judge McClanahan to bow his head and pray that God will take away his foresight and thinking that he can force people that they can do something that they personally know that they cannot afford.

I like John Nelson's articles and think they are really neat. Keep up the good work John.

Sound Off

I would like to extend congratulations to Estill County Patriot Band on the band competition. You did a great job.

Sound Off

It is with awe and a great deal of respect that I salute these young people for their accomplishments both on and off the floor. And I thank them for all the hard work they've endured to bring us an exciting and fun-filled year of basketball.

Sound Off

I think you should put the baseball players in the Plus for Player of the Week.

The janitors are fine workers, and do an excellent job at keeping the school clean. The lady can always be counted on to help the kids and teachers, and is a honest faithful person who can be counted on to do her work. Whoever said "All work and no play makes jack a dull boy" doesn't know what they are talking about. There is nothing dull about someone taking time and helping other people, and Estill County would be a better place if we had more people like her and him. They ought to be commended in the faithfulness and work. Keep it up janitors, you are good people.
